

Plans built for brighter smiles.

Flexible dental coverage that supports total wellness.

Cigna Healthcare® plans are designed with flexibility in mind, offering various options, coverage levels and costs to meet your clients' unique needs.

We offer 9 different dental plans so your clients can find the right fit, including the brand new **Advance Plans**. Dental health does more than brighten a smile. It supports overall wellness by preventing bigger issues, such as heart disease, stroke and diabetes, through regular brushing, flossing and dentist visits. That's why the right dental plan is essential.

We offer 9 different dental plan options in the following states:

AZ, CT, GA, MO, TX

Benefits range from **preventive care**¹ to more complex services, such as root canals, implants, orthodontia and more.

Your clients **can enroll year-round** in any of our 9 dental plans, so no need to wait for open enrollment.

While many of our plans have waiting periods for Class II and III services, they can be **waived if your clients have had 12 consecutive months of prior coverage** (with no more than 63 days between plans).²

Advance Plans have no waiting period, offering **immediate access to services**.

A child can be enrolled in a policy without a guardian.

Check out the chart below to explore plan options and help clients find the best fit for their needs.

1. Not all preventive services are covered, including athletic mouth guards. Refer to the policy for a complete list of covered and non-covered preventive services. Frequency limitations apply.

2. Waiting periods may vary by state. Waiting periods for Class II and III may be waived at the individual member level if the application indicates that there were 12 months or more of prior dental coverage and not more than 63 days have lapsed between the prior coverage and this plan. Orthodontia and implant waiting periods are not eligible for waiver.

3. You may pay more for out-of-network charges if the dentist's charges exceed the amount Cigna Healthcare reimburses for billed services. Refer to the policy for more details. Please note some states may utilize the Total Network for this/these plan(s). Please refer to plan documents for additional information on network access and availability.

4. Not all preventive services are covered, including athletic mouth guards. Refer to the policy for a complete list of covered and non-covered preventive services. Frequency limitations apply. Cigna Healthcare Dental plans in MD cover one dental cleaning per calendar year.

5. Orthodontia service offered under the Cigna Dental 1500 Plan is available for all ages and ineligible for waiver, while orthodontia under the Dental Advance 3000 Plan offers coverage up to age 19. Product availability may vary by location and plan type and is subject to change. All dental insurance policies contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact your Cigna Healthcare representative. Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.
